

## Touch Panel Controller overview

We offer a range of single and multi-zone wall mounted, touch panel LED controllers with a choice of control options designed to be easily mounted into a standard single gang wall plate. Control may be via horizontal touch bar or colour wheel and we support the touch panels with a range of LED drivers and decoders in constant voltage and constant current outputs. We also offer rotary type controllers.

### P1 single colour controller

### Single channel LED controller

- Supply Voltage: DC12V-24V
- Output Max: 5A/Channel
- Total Output Max: 5A
- Hard wired connection

### P2 CCT controller

### 2-channel CT LED controller

- Supply Voltage: DC12V-24V
- Output Max: 5A/Channel
- Total Output Max: 10A
- Hard wired connection

### P3 Panel

### 3-in-1 LED controller

- Supply Voltage: DC12V-24V
- Output Max: 5A/Channel
- Total Output Max: 10A
- Hard wired connection

### B1 and T1 Smart Dimming controller

### Single channel 2.4Ghz RF controller

- RF remote control
- B1 Integral battery supply 2x AAA
- T1 Wired supply voltage 90~240VAC mains
- 4-Zone control
- 30 metre transmission distance
- Compatible with FUT-09 series

### B2 and T2 Smart CT controller

### 2-channel CT LED controller

- RF remote control
- B2 Integral battery supply 2x AAA
- T2 Wired supply voltage 90~240VAC mains
- 4-Zone control
- 30 metre transmission distance
- Compatible with FUT-09 series

### B3 and T3 RGB / RGBW Smart controller

### 4-channel RGB / RGBW controller

- RF remote control
- B3 Integral battery supply 2x AAA
- T3 Wired supply voltage 90~240VAC mains
- 4-Zone control
- 30 metre transmission distance
- Compatible with FUT-09 series

### B4 and T4 RGB+CT controller

### 5-channel RGB + CT controller

- RF remote control
- B4 Integral battery supply 2x AAA
- T4 Wired supply voltage 90~240VAC mains
- 4-Zone control
- 30 metre transmission distance
- Compatible with FUT-09 series

### B0 RGB+CT controller

### 5-channel RGB + CT controller

- RF remote control
- B0 Integral battery supply 2x AAA
- Single Zone control
- 30 metre transmission distance
- Compatible with FUT-09 series

### B8 RGB+CCT

### 5-channel RGB + CT controller

- RF remote control
- B0 Integral battery supply 2x AAA
- 8- Zone control
- 30 metre transmission distance
- Compatible with LS2 RF receiver driver
- Compatible with FUT-089 series
